

SLIM LINE CODELOCK KIT

(1020N/K, 1021N/K, 1020G/K, 1021G/K)

The slim line code lock kit is ideal for applications with limited space next to a door or gate entry point. The kit comprises of a slim line code lock, a control unit and a 12V AC transformer. The control unit is available with either 1 code and 1 relay output (1010-1) or 9 codes and 2 relay outputs (1010-2)

Specification

Codelock

The codelock is available in the following finishes (See below for dimensions):

1020N	:	Nickel finish
1021N	:	Nickel finish with detailed top & bottom
1020G	:	Gold finish
1021G	:	Gold finish with detailed top & bottom

Control Unit

The control unit includes the dry contact relay for the lock release, a push to exit button input and the three wire bus connections to the codelock.

Voltage requirements	:	13VAC or DC
Dimensions	:	87.5mm(L) x 105mm(W) x 65mm(D)
Lock output	:	Dry contact relay 5A 30V DC

Power supply

Dimensions	:	87.5mm(L) x 105mm(W) x 65mm(D)
Output	:	13V AC 1A
